OUDESIRE, AJMAL

Following the launch of the now iconic 'Signature Series', which comprises of the 'W' Series and the 'M' Series, Ajmal has now unveiled its most luxurious fragrance yet; Oudesire. In keeping with Ajmal's expertise, Oudesire combines a sultry blend of Oudh and musk with lighter top notes that create a unique and modern fragrance that retains the heritage of Middle Eastern perfumeries whilst incorporating Western influences. The floral top notes of orange flower, rose, jasmine and bergamot add a summery air to the fragrance, before being followed by a spicy and fruity core of ginger, raspberry and cassis. Finally the base note takes centre stage when the heady scent of Oudh hits along with other quintessentially Arab notes of amber, sandalwood and musk for a captivating scent. Encapsulating the luxurious fragrance, the gold glass bottle adds an elegant touch to any dressing table and hints to the liquid gold fragrance that hides inside.
